

No News Today (©2009 Music & Lyrics by Thomas Krug)

Let's play a new song

It won't be all long

I said to myself ere it's gone

Piano can't wait

It soon will be late

I have to start playing quite straight

The little song will ask no question

Wheter what I'm up to say

Has no meaning than rather its music

And the melody follows its way

The rhythm goes on

Won't you come along

And dance to the music, come on

Set youself free

And listen to me

I'm moving along with the song

It won't be long ere I will stop singing

The song however keeps on swinging

And the melody will soon be over

But that doesn't mean the music will end

For all I say

Music's on the way

Just now the comes a solo to play

It won't be long ere I will stop singing

The song however keeps on swinging

The melody will soon be over

But it doesn't mean the music will end

Again I say

Music's on the way

Just another solo to play
