

Why Can't We Stay Together (©2003 Music & Lyrics by Thomas Krug)

All the time we've been together
All the places we've seen in love
All the words that truly mattered
Never be again?

Always tried to believe
Our love would never end
Was I wrong, was all in vain?
Never start again?

Please, try to stay
Don't go away
There's so many things to say
Oh, please, say I'll stay
Don't you go away
There's so many things to say

Why can't we stay together?
Feeling alone in my heart
Why can't we stay together?
Feeling alone in my heart

All my life I will remember you
I'm still in love with you
In my mind will never forget
Our days of love

Please, try to stay
Don't go away
There's so many things to say
Oh, please, say I'll stay
Don't you go away
There's so many things to say

Why can't we stay together?
Feeling alone in my heart
Why can't we stay together?
Feeling alone in my heart

It would be wrong
If you were gone
There's so much to say
So, please, don't go away
