

Go Back (©2003 Music & Lyrics by Thomas Krug)

It's your situation

Standing in a station

Waiting for a train to take you away

Having lost all your patience

Making haste for life's sensations

Don't you throw away yourself right now

I want you go back

Want you go back

Want you go back

Want you go back

I want you go back

I want you go back

Want you go back

Want you go back

Want you go back

I want you go back

Pull yourself together
Life's not only pleasure
Think about yourself and look around
Many things are to manage
Don't you risk much damage
Hold you on, I say and turn around

I want you go back
Want you go back
Want you go back
Want you go back
I want you go back

I want you go back
Want you go back
Want you go back
Want you go back
I want you go back
